

GOOD JOB DONE

By Mitch Grant

By Marjorie Neyman

The 1973 Jones faculty play "The Remarkable Incident at Carson Corners" given March ninth and tenth was a great success. Over 600 dollars in profit was made. A special thanks to all the people who came and supported their school.

The Cub Reporter would like to congratulate the actors and crew for a job well done.

Lisa Heckman-

"It was good but not funny. It was serious, so someone should have told the audience to shut up so everyone could hear the speeches."

Laura De Shetler-

"It was pretty good, but not supposed to be funny."

Mr. Brause-

"It was good."

Mr. Stout-

"It was great!"

Mrs. Attig-

"I hope to do one next year with students and teachers. It was good."

Mr. Nesha-

"I think everybody did a very nice job. It was well presented and I really enjoyed it."

Frank Sublett-

"It was O.K., but could have been longer."

Mrs. Gilbert-

"It was a challenge to present."

CUB

REPORTER

MARCH

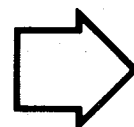

Jones Jr. High School

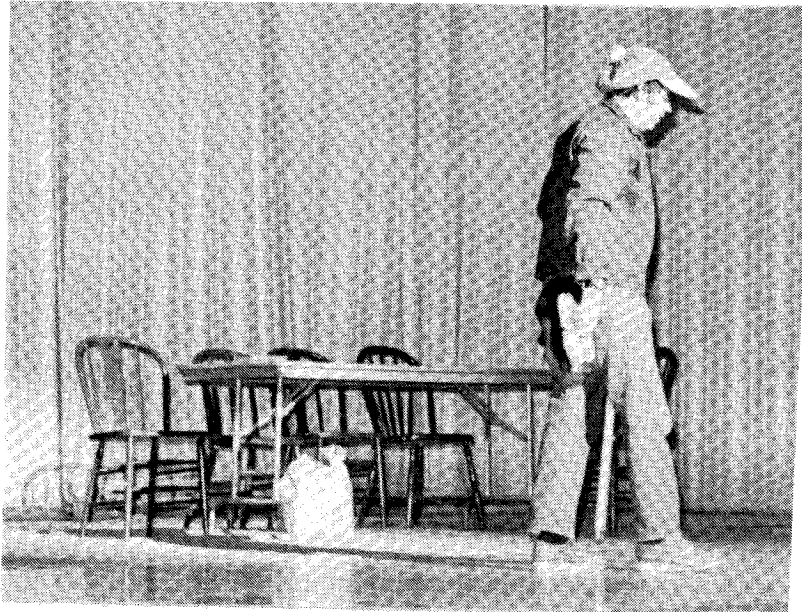

5

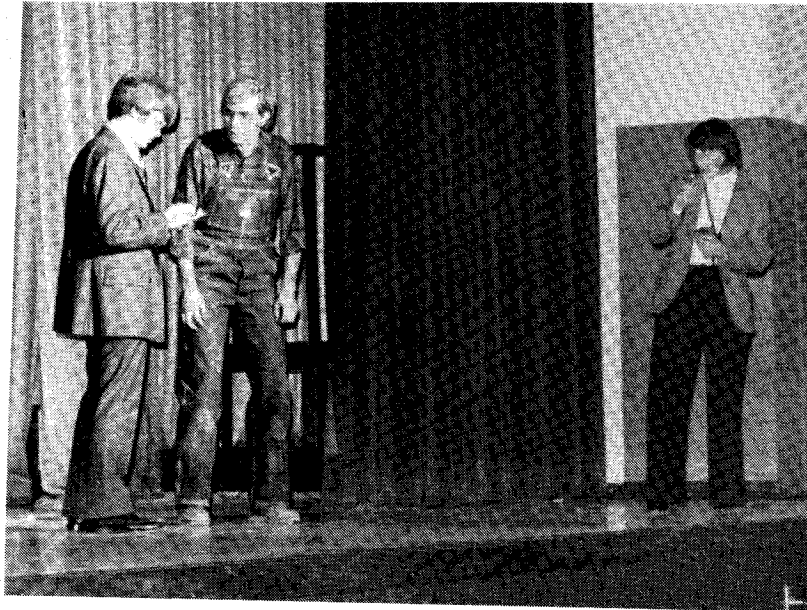

In the heat of a murder trial.

Everyone gets in on the action !!!

Could it be????
Yes it is!!!!

A scene from
" The Remarkable Incident
at Carson's Corner."

Mr. Herfel

By Keith Krieger

Before becoming the assistant principal at Jones, Mr. Herfel was an Industrial Arts teacher and a Guidance Counselor. He received his B. A. and his Masters Degree at Ohio State and attended the Miami N.D.E.A. Summer Guidance Institute.

Mr. Herfel's hobbies are coin and gun collecting. He is married and has two children, ages twelve and ten. His job at Jones concerns discipline, data processing (grades), activities, school's readiness, and scheduling.

Mr. Herfel feels that Jones has one of the best group of students he has seen for a while. "They have a bit more enthusiasm, like the Care Free Gum contest," he exclaimed.

Teacher Feature

By David Brown

This month's Teacher Feature covers Mr. Sebastian and Dr. Waksmundski, new 8th grade American history teachers, and Mr. Davidson, the new 7th grade music teacher.

Mr. Sebastian has previously taught for four years before coming to the Upper Arlington School System.

The most interesting thing that has happened to him at Jones is this year's surprising football record: six wins and one tie. He says that a small minority of the students have no respect for teachers or any other adults, but he does agree that almost all of the students here are excellent.

Mr. Davidson, a graduate from Westminster Choir College in Princeton, New Jersey, comes to us after teaching a year at Woodward Junior High in Columbus, and Redding School in New Jersey.

The funniest thing that has happened to him (that's fit to print) is when he fell down on the court in a jump in a varsity-faculty game at Woodward.

Dr. Waksmundski has previously taught for a year at Ohio State and for a while at Spencerville, Ohio.

He enjoys teaching at Jones, and especially likes the enthusiasm here. His favorite hobbies are reading, writing, and spectator sports. He graduated from Ohio University and Ohio State University.

Cheerleaders

By Wendy Williams

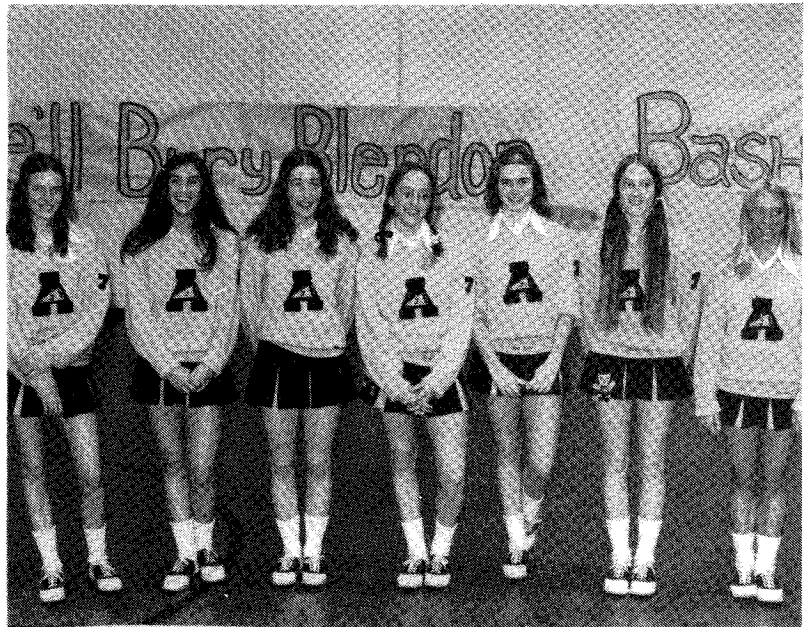

This year the Jones eighth and ninth grade cheerleaders have been peppy and really enthusiastic in maintaining school spirit. They led the students in cheers throughout football, basketball, and wrestling seasons. An open house was organized by the ninth grade cheerleaders to earn money for the athletic fund. The cheerleaders cooperated with other schools, added new cheers to the mighty Jones collection, and even did paperwork for the coaches.

Ninth grade cheerleaders were Cindy Tripp, Barbie Custer, Jane Dunkel, Kathy Mack, Maria Fry, Kyle Yoder, and Carole Mudgett. Eighth graders were Jill Mesic, Patty Hartman, Susan Eishelman, and Leigh Purdy.

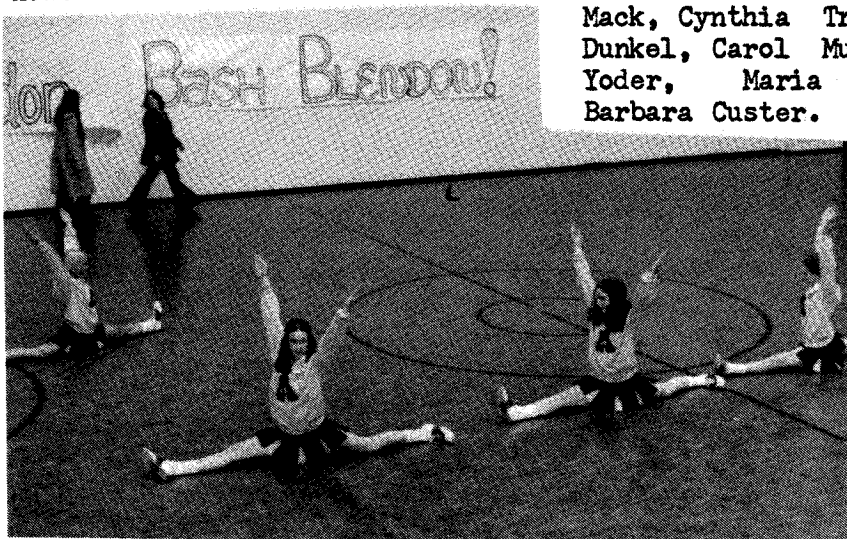

The tryouts for next year's cheerleaders will be in April. Miss Lein, the girl's advisor, said that stage presence, pep, and skill are the major qualities looked for in tryouts. Everyone has a chance, so all of you peppy seventh and eighth graders will want to start practicing now!

Barb is an UNcheer leader

RunRunRun

By Mitch Grant

STUDENT SOUND OFF

Overheard in the Hall...

"And I was sittin' there like THIS!"

"...Rip it off..."

"Just 'cause he thinks he's cool."

"...how, when it rains, we always have spaghetti?"

"I don't know...it depends on who's invited."

"Doesn't Mr. Dryden look tough in that orange shirt?"

"He looks good in anything"

"Sweat! Give it back!"

"...it droppeth...it droppeth as the...as the gentle rain from Heaven..."

"Why don't you tell him that you hate him? You're gonna' flunk anyway."

"She never takes attendance anyway. Come on!"

"We can tee-pee Joe's house about...oh, say..."

"Boys know girls are more co-ordinated. They just hate to admit it."

"Hi, Ross!"

"Look out! It's Mr. Brause!"

"Hey, look at that idiot! He's walking the rail!"

"One of these days, everybody's gonna sit down at the same time and the whole school will cave in."

The Jones track team's spirit is very high as they go into their 1973 season against Wedgewood at Jones. Mark Bateman, co-captain of the team, has high hopes for the 1973 season, while Coach Davidson says, "I think we're going to have a pretty tough season."

This year's varsity team consists of such standouts as co-captain Scott Collins, Mike Albert, Glenn Davis, "Glamour-boy" Kyle Mercer, Chris Mullins, Joel Donaldson, Stu Johnson and our hero Kevin Wynne!

? Mystery Student?

By Rob McKay

This month our mystery student is in section 8-4. He is very good at art (in his own way) and is also very funny. For the eighth period he is taught American history by Dr. Waksmundski. During the school day he plays pranks and tells jokes to his friends. Whenever he has free time, he plays soccer and football.

In the December issue the mystery people were Mike Purdy and Wendy Williams. See you next month!

The Reserves are Chris Wakeford, D.J. Harris, Drew Harrison, Andy Smith, and Pete Snouffer. The assistant coach is John Lattin, and the sexy coachettes who keep the adrenalin flowing are Amy Havener and Denise Dupent. The track team will run four meets at home, three at the High School and seven away meets. Good luck for the '73 season!

DON'T FORGET

Eighth graders have felt very left out of the paper lately. To keep them intact, they are recognized when:

...They smash into seventh graders in the halls, but walk politely around ninth graders.

...They don't get lost as much.

...They want to be in Phoenix Players.

...The girls don't hold hands with each other any more.

...They don't have to take any special tests.

...All they seem to say is, "When I get to be a ninth grader..."

Bulletin

The Cub Reporter would like to urge everyone to join the boycott against high meat prices during the first week of April. Due to the ever increasing price of meat, the nation is banding together in a common cause to not eat meat

during this week; this includes not purchasing or freezing meat ahead for this time. Fish may be eaten on Tuesday or Thursday. Let's use our democratic principles as a body of people and put a stop to these unbelievable prices.
